WELLNESS WORKSHOP:

How Acupuncture Treats Stress-Related Conditions Such as Depression, Insomnia, Acid Reflux and Anxiety.

**LEARN HOW ACUPUNCTURE TREATS THESE AND OTHER STRESS-RELATED
CONDITIONS...NATURALLY!**

In today's fast-paced world, many people experience the effects of stress. Stress can affect your body in a number of different ways.

Common stress-induced symptoms include: headaches, insomnia, neck and shoulder tension/pain, anxiety, depression, acid reflux, mood swings, allergies, fatigue, sinus issues, PMS, digestive disturbances and irritability, among others.

In this workshop, you will learn how acupuncture works and why 2 billion people worldwide use this ancient form of healing. You will also find out what acupuncture feels like.

**RECEIVE A FREE
TEST TO SEE IF
ACUPUNCTURE
CAN HELP YOU!**
